Youth Ministry Happenings

Youth programming is gaining some serious momentum! Not just physically, but spiritually! Teens are opening their Bibles, participating in devotional studies, and inviting friends to our programming. It's been exciting to see, and we're just trying to keep up with all that God is doing!

For Wednesday night W.I.L.D. Youth Group, we decided to deviate from our regular curriculum and hit some topics that we feel the youth can relate to a bit more. We're currently going through a series called "Warriors" and it's all about the people in the Bible who were warriors for their faith. They went against the grain. For the Gospel Project, on Sundays, we're walking through the life of Jesus and learning how much he loved people. We can see how much he loves us through what we're studying on Sundays!

One of the things I pursue deeply in youth ministry is having teens fully understand who Jesus is. We could have 500 teens in our building for youth group, but if none of them know Jesus on a personal level, then we are failing at reaching our youth. If you're interested in helping teens learn about Jesus, I'd love to connect with you and see if Wednesday nights would be a good fit!
