Youth Ministry Happenings

October into November, we had a Trilogy Day, where we watched Star Wars: Episodes 4, 5, and 6! We learned about many miracles of Jesus through the Gospel Project. During our Wednesday Youth Group programming, we talked about why God may be silent at times.

Our local youth pastors have been meeting and planning to have a city-wide youth conference called Discipleship Now (D-Now for short). We're super excited to bring this experience to all our youth in the city!

For Wednesday night W.I.L.D. Youth Group, we are going through a series titled "Red Letters." This series will follow the words of Jesus and bring out truths that culture would say aren't relevant today.
